# It's a Monster!

Thank you for taking the time to download our ninth catalogue.

We have been very busy preparing his catalogue, it has took a while as there are over 400 titles here. Mostly mid-range books with a few very interesting highlights.

Of special interest are the signed Gaiman and Pullman titles, there are a couple of advanced proofs from le Carre and Stephen King that are particularly scarce, but our favourite is the hardback Perry Rhodan – so scarce we had to create a ISFDB entry for it!

If you see an item of interest, then you are welcome to contact us via email [info@durdlesbooks.com](mailto:info@durdlesbooks.com) or call us on 0121 777 0209 to find out more details. I can also be contacted directly on my mobile 07974 681 774, give me a call, or use Whatsapp.

We are excited for our next catalogue, we cannot say too much yet, however it promises to be full of quality hardback SF books. For now, we very much hope you enjoy looking though this catalogue, and perhaps find something you are looking for.

It only leaves us to wish you all a Merry Christmas and a Happy New year!

Best regards,

A handwritten signature in black ink, appearing to read 'Ian', with a stylized flourish at the end.

Good / Good

First edition first printing. Ex-Library hardback book with usual faults. Price written on front pastedown, FEP removed, Small red biro 'SF' notation to top corner of title page, neatly crossed through in black biro, under which is a black biro price. Copyright page has two neat library stamps and very small 'SF' red biro notation, lightly crossed through in black biro. No other stamps or notations. Boards sharp and very clean, slight spine lean, bumping to spine ends. Text block clean, with light toning to edges, more pronounced to top edge, that also has a single black pen spot, and a extremely feint red pen mark. Pages the are pages are crisp and unblemished, no turned corners. Feels read but well bound and not loose. Jacket light creasing, along joint of front panel. The rear panel has some very light general creasing from the original library protective cover, although this did protect the jacket from any rubbing or tears. The spine and panels retain the original bold colours, and are very glossy. An ex library example of this highly regarded and uncommon Gollancz SF first printing title, whilst it has some of the usual library faults, it is also a very solid copy, with a jacket, that looks really presentable on the shelf, in the new fitted archival cover.

Good / Good

First UK hardback edition first printing 1977. Hardback book tight and clean with lean. Lightly bumped spine ends. Text block has toning and speckling to top edge, and faint spotting to foreedge. The pages are crisp, and unblemished. The jacket was covered in self-adhesive clear plastic by the previous owner, on to both the front and rear pastedowns, and therefore is not removable. The plastic has small areas of age toning. The spine is sunned, with partial sunning to the top areas of the front and rear panels. We have graded this book as good due to the self-adhesive clear plastic which effectively sticks the jacket to the book. A very scarce UK Severn House hardback edition, in fact so uncommon that we had to create a Internet Speculative Fiction Data Base (ISFDB) entry for it. Contains the Perry Rhodan stories Enterprise Stardust, and The Third Power. It is a shame that the jacket has been "protected" by the self-adhesive clear plastic, however a rare hardback title and definitely one for a completionist Perry Rhodan collector.

Very Good / Very Good

First edition first printing. Hardback book is tight with lean. Boards sharp and clean, title gilt perfect. Text block clean, with light toning to edges. Feels very lightly read. Sharp spine ends. Curiously there is a library withdrawn stamp, a neat biro price and small notation to the half title page. However there is no other evidence that this was a library book, no other stamps or notations, no lending sheet or pocket remnants - sort of weird. So we have graded this as very good. Jacket as crimping to edges, and some handling marks the gloss. Overall a very good copy. An very nice and solid ex-library copy of this collectible first edition first printing title.
